## STATE DEPARTMENT OF AUDIT

---

March 13, 1941.

*To the Inhabitants of the Town of Winterport:*

In accordance with your request, this department, represented by Messrs. R. M. Parsons and M. E. Libby, has completed an examination of the accounts of your town officials for the municipal year ended February 21, 1941.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date, subject, however, to a probable shrinkage in final settlement of unpaid taxes and tax liens.

The data obtained by us is summarized in the following:

## COMMENTS

### CASH:

All cash recorded as received appeared to be properly accounted for and deposited in the bank. Expenditures were made by check from properly authorized warrants. The cash balance was reconciled with the bank and cash on hand.

### TAX LIENS:

All collections on tax liens appeared to be accounted for. Lists of unpaid liens and a detail of the property acquired through tax lien foreclosure were prepared and are shown on Schedules 8 and 9.

### TRUST FUNDS:

The trust fund investments were examined and are listed on Schedule 11. All income appears to have been accounted for.

### TAXES:

The 1940 tax commitment was added and found to agree with the records of the Assessors. Abatements were checked for authority. Lists of all unpaid taxes were prepared and are shown on Schedules 2 to 7, inclusive.

**GENERAL:**

A partial examination was made of paid bills and, as far as could be determined, those checked appeared to be proper and to substantiate authority for payment.

According to a vote of the town the balance of the Littlefield account was charged to Surplus. There had been paid on this account \$1,900.00, leaving a balance of \$3,414.11.

Due to other credits and receipts showing up as a result of verification, it was also necessary to adjust other balances. These adjustments were made in the following accounts: Taxes, Tax Liens, and Town Acquired Property. All adjustments made were approved by your Selectmen.

Some of the unpaid taxes were verified by mail last October.

No external verification was made at the time of this audit of any of your asset or liability accounts, with the exception of cash and trust funds.

## REPORT OF PUBLIC HEALTH NURSING, 1940

---

### WINTERPORT

"Adequate provision to assure satisfactory growth and development and protection of the health of children is a public responsibility warranting special consideration and emphasis in any program directed toward better health of the people as a whole. Upon what is done to assure physical and mental health during maternity, infancy, childhood and youth depends the vigor and health of the adult population."

The above quotation is taken from the report of a conference on "Children in a Democracy" held in Washington last spring at which leaders in many fields of child care discussed the problems of youth and ways to solve those problems.

Public health nursing is concerned with securing and maintaining better health for all members of the community. Recognizing that whatever is done to assure physical and mental health during maternity, infancy, childhood and youth will affect the health of the adult population, we have, as in the past, placed most emphasis on the work with the pregnant mother, the infant and preschool child.

During the year visits were made, at the request of the attending physician, to prenatal patients to help them carry out his instructions, or if not under a physician's care to urge them to secure medical advice as early in pregnancy as possible. In many cases the mother was helped to make plans for her confinement.

Visits were made to young infants and preschool children to urge the mothers to keep them under medical supervision, to have

them vaccinated against smallpox and immunized against diphtheria. When necessary, the nurse assisted the mother in planning a daily regime for the children. Special emphasis was placed on the prevention of communicable diseases which take such a heavy toll in childhood.

Arrangements were made, through the local Red Cross, for three children to obtain glasses.

Miss Waters, Nutritionist, State Bureau of Health, gave a talk on "Nutrition" in one of the local schools.

While work has been limited in the school this year, conferences were held with the teachers and help given in solving special problems.

Work in Winterport has been greatly hampered this year by illness of nurses and difficulty in obtaining substitutes, but that problem has been solved and plans will be made to carry on the health work which is needed and appreciated by people as a whole.

## REPORT OF HEALTH DEPARTMENT

---

Winterport, Me., Jan. 27, 1941.

During the past year I have quarantined and released three cases of scarlet fever.

Investigated five cases of unsanitary conditions and had conditions removed.

Investigated four cases that were not dangerous to public health.

In submitting this report I would recommend that the citizens of the town should burn their garbage instead of disposing of it at the town dump. Also, any person who disposes of their garbage on any side street within the town is breaking the health laws and is subject to a fine.

Respectfully submitted,

JOSEPH E. COOK,

*Health Officer, Town of Winterport.*

### REPORT OF SUPERINTENDENT OF SCHOOLS

#### SUPERINTENDING SCHOOL COMMITTEE

Mr. Norris Clements    Term expires March, 1941

Mr. Norman Page      Term expires March, 1941

Mr. George Bryant    Term expires March, 1943

*Chairman, Norris Clements*

*Secretary, F. C. Worcester*

*To the Superintending School Committee and Citizens of the  
Town of Winterport:*

As I take my pen in hand this pleasant February morning and start upon my annual report as your Superintendent of Schools, I realize how inadequate are a few printed lines. I would like to discuss with you the aims of education; the need of children to acquire skills in reading, writing and arithmetic; to get understanding in health, history, geography, in fact, those bulwarks of our democratic form of government; to develop an attitude toward citizenship which shall make possible happy and successful living for themselves and for their fellowmen. As this is our opportunity to tell you something of the needs, aims and accomplishments of our public schools, this is an individual report to each of you for the municipal year just closing.

## STATISTICS

According to the 1940 census there were 1,500,000 fewer children in the elementary schools of the United States than in 1930. Maine did not lose in population, during the decade, but rather gained a little less than 7%. During the ten-year period Winterport school population showed more than 14% gain. The following figures, which I gleaned from old reports, will be of interest to you, in that with one or two exceptions, there is a steady increase in school enrollment in our town:

Year	Grades	High School	Total
1930	239	60	299
1931	262	70	332
1932	255	61	316
1933	254	74	328
1934	278	88	366
1935	262	82	344
1936	245	93	338
1937	256	86	342
1938	256	86	342
1939	259	91	350
1940	271	78	349
1941	279	91	370

At present there is no sign of a drop in school population but rather an increase for some years to come. In this connection we are presenting another table which reveals the astonishing fact of the crowded conditions in both buildings but particularly in the High School.

Each pupil should have 218 cubic feet of space but each pupil does have only 131 cubic feet of space.

Each pupil should have 18 square feet of floor space but each does have only 12 square feet of floor space, or only two-thirds of the minimum requirements. The eighth grade room gives only 9 square feet of floor space, per pupil, or only one-half of the requirement.

## SCHOOL PROGRESS

## TEACHERS

We have a fine group of well-trained teachers who are doing a splendid piece of work in our schools. We are fortunate, for it is becoming increasingly difficult to persuade teachers, like ours, to come into rural sections. There were only three changes made in the teaching staff this year. Mr. Whitehouse left the White's Corner school for a better position; Mr. Mitchell resigned from the Grade School principalship to continue his studies at the University of Maine. Mrs. Walker resigned from the music position and has accepted another position. These places have been filled to the satisfaction of all concerned. Mr. Franklin Saunders did such good work at White's Corner, that after the building there burned, his pupils were able to carry on the work of their respective grades in the Village School with credit to themselves and their teacher. Mr. Arthur Doe, a graduate of the Gorham State Normal School with a degree of Bachelor of Science in Education was engaged for the principal's position and is doing splendid work in that capacity. Miss Ellen Blodgett, as supervisor of music, had a degree of Bachelor of Music from Columbia University together with several years of successful teaching experience. She has done commendable work in the grade schools and with the High School glee clubs. The work in band or orchestra has not been all that we hoped for but this is accounted for, in part, by lack of pupil interest and lack of instruments. We are, however, laying the foundation for a groundwork in music which will result in greater interest as the grade school pupils later come into High School.

## TEXTBOOKS

We are constantly improving the working tools for the pupil and teacher. Our second year with the new reading system is proving its worth. Doubtless some parents were skeptical about the manuscript writing introduced in the Fall of 1939 but they loyally cooperated with us and now are very enthusiastic about it as are pupils and teachers.

The histories in grades four and five have long needed attention. After careful investigation by the superintendent and teacher, we selected for the fourth grade a book on Social Studies which is divided into four units—"The Story of Agriculture," "The Story of Fire," "The Story of the Sea," and "The Story of Writing." What book could be better adapted to our needs here in an agricultural region and with the sea at our doors? For grade five we purchased "The Thirteen American Colonies." Both books are giving results. The work of the High School will be reported by Principal Bagley with new courses, textbooks, library and laboratory progress. Several texts in the High School need attention, especially the English Classics.

#### TRANSPORTATION

For several years there has been a steady gain in our town with regards to transportation facilities. Winterport is one of the few towns in the State which furnishes free transportation to High School. We ought to do so and so ought many others. Our school buses, driven by careful drivers, are a source of pride and satisfaction. The bus owned by the town is indispensable as it is used for so many other purposes than conveyance to and from school. It is the only bus which makes two trips, night and morning, it is used for basketball trips, for conveyance of the school lunch, for conveying the band and glee club students to and from the American Legion Hall and for many other legitimate school purposes.

#### REPAIRS

Early in the summer the superintending school committee carefully investigated the condition of the High School building and many minor repairs were carried out so that the building was as presentable as could be made with general repairs. The unused chimney, badly creosoted, was taken down and added space used to good advantage; wallboard was used in several rooms where plaster had cracked and broken; a supply cabinet for music materials was built; several changes were made in the library and general renovating was given the building. Unfortunately quite a

bit of money was spent at White's Corner—the roof was shingled and the building was wired and fixtures put up for electric lights. One dozen new typing chairs were purchased to replace the mongrel assortment of old kitchen chairs which have always been used in the typewriting room. A new typewriter was added to the Commercial Room. Minor repairs were made at the Grade building. double-hung curtains placed in the grade five room so that each window always has a maximum amount of light without glare.

### SCHOOL PROBLEMS

As school opened in September there were so many children in the sub-primary and grade one room that part of grade one children were put in with grade two. Such a move seemed necessary. There are some bad features about it. Whereas the other teachers had only one grade each, this teacher had two so that not only did she have much extra work, but there must be a certain loss to both groups. We have not settled this problem to our satisfaction. Will you help us?

There is an imperative need for seating equipment. At the High School building seats have to be carried from one room to another as each class passes. This makes for confusion, noise and loss of time. In the Grade building, children are using kitchen chairs for seats and orange crates for book storage. This has been remedied somewhat by the purchase of thirty-six modern seating units for grade six room. Whatever usable seats there were in that room have been moved to other rooms. Should the town not vote to rebuild the White's Corner school, which would cost from \$2,000.00 to \$3,000.00, we trust that you will vote the \$500.00 insurance money to pay for new desks and other needed equipment in the Grade school building.

The committee has carefully gone over the needs for next year and recommend the following budget askings. You will please bear in mind the words of a recent communication from the State Commissioner of Education—"You should bear in mind that the equalization fund cannot be considered as a tax reduction measure

except in a few isolated instances where tax rates and school rates are far in excess of the average of tax rates for the State. This should be regarded by all school officials and thoroughly explained to all citizens as a fund to improve educational opportunities in the sharing towns beyond those afforded by current appropriations." Some towns by reducing their current appropriations have lost, to their great dismay, their equalization fund. Such a loss would seriously cripple our school program in Winterport.

#### BUDGET RECOMMENDATIONS

Common schools,	\$7,000.00
High school,	2,750.00
Textbooks,	300.00
Supplies,	300.00
Music,	200.00
High school conveyance,	450.00
Repairs, insurance and miscellaneous,	900.00

In grateful appreciation for what you have done in the past for the schools and with confidence as to your care of the school children for the future, I respectfully submit this report.

## WINTERPORT HIGH SCHOOL

### *Report to Superintendent and School Board:*

The school year 1940-41 began with an enrollment of 130, divided as follows: Seniors, 19; Juniors, 21; Sophomores, 18; Freshmen, 33; 8th grade, 39. Since then we have lost four and gained four, including one post graduate, making the total enrollment as of February 15, 130.

The crowded conditions at the high school are too well known to need much elaboration. One of the biggest handicaps is the fact that there is no chance for study pupils to be in a room without a recitation going on. This is unfortunate, both for the class and for the pupils who are studying. A separate study room, with a teacher in charge who could help pupils as occasion arises, would decrease the percent of failures.

In regard to physical training, the ideal of athletics for all has been approached during the fall and spring, but we fall far short of that during the winter, when such exercise is especially needed. Last fall the boys and girls were each divided into four teams, which competed according to a regular schedule, the girls having softball and volley ball and the boys having softball and touch football. During the winter many, but far from all, of the boys and girls who are not out for the regular teams, had one afternoon a week at the hall playing basketball. During the winter at least two periods a week of supervised physical exercise should be required of all students, and of course this is impossible under our present set-up.

The athletic teams have had fairly good records during the past year. The basketball team won the county tournament at Belfast, and was chosen to represent Waldo County at the State tournament at Brewer. This is our second year as Waldo County representative to the State tournament, and we were the only team to be chosen this year which was also chosen last year. Last spring the track team finished second to a strong Freedom Academy team, while the baseball team lost to the county champion, Brooks, by a score of 1-0. Considering the fact that most of our practice and home

games were at the Monroe Fair Grounds, the boys did a good job, winning seven games and losing three. This year's prospects are fairly good, but would be better, both in track and in baseball, if we had an athletic field near the school.

For the second year we are members of the Bates Interscholastic Debating League. Debating has two distinct values, one is training to look up the facts on a question, and be able to talk in such a way as to convince the hearer, the other is a real fund of factual knowledge on whatever subject is being debated. This year the subject being debated is especially important, being whether the Federal Government should be given increased powers, at the expense of the State Governments. Most of us think the Federal Government has enough or too much power at present, but there is a real argument on both sides.

We wish to thank all those who have helped us in so many ways during the past year, especially Mrs. Campbell for helping us with a supper last fall, Mr. Littlefield for giving boards for the new backboard at the hall, and several parents and friends who have helped us solve various transportation problems. All parents and friends are cordially invited to visit school at any time. A good school depends upon close coöperation between pupils, parents, and teachers.

In conclusion, we wish to thank the superintendent and school board for their most complete coöperation in all ways.

Respectfully submitted,

L. P. BAGLEY,

*Principal.*

### STATE OF MAINE

WALDO ss.

To FRED C. MERRY, a Constable of the Town of Winterport, in the County of Waldo, Greetings:—

In the name of the State of Maine you are hereby requested to notify and warn the inhabitants of the said Town of Winterport, qualified by law to vote in town affairs to assemble in Union Hall in said town on Monday, March 24, 1941, at 9 o'clock A. M. to act on the following articles, to wit:

Art. 1 To choose a Moderator to preside at said meeting.

Art. 2 To choose a Clerk for the ensuing year.

Art. 3 To choose three or more Selectmen.

Art. 4 To fix the compensation of the Town Treasurer for the ensuing year.

Art. 5 To choose a Town Treasurer.

Art. 6 To fix the compensation of the Collector of Taxes for the ensuing year.

Art. 7 To choose a Collector of Taxes.

Art. 8 To see what sum of money the town will vote to raise to pay unpaid outstanding bills against the Town or act thereon.

Art. 9 To fix the compensation of Road Commissioner or Commissioners and wages to be paid men, teams and trucks employed on the Highway and to choose one or more Road Commissioners.

Art. 10 To choose two or more members of the Superintending School Committee.

Art. 11 To see what sums of money the town will vote to raise for the support of Common Schools; Free High School; High School Conveyance; Music; Free Textbooks and High School Library; School Supplies and Laboratory Equipment; Repairs, Insurance and Miscellaneous.

Art. 12 To see if the town will vote to authorize the Superintending School Committee to appoint a School Physician and to provide proper facilities for the performance of his duties.

Art. 13 To see if the town will vote to rebuild the White's Corner School building or act thereon.

Art. 14 To see if the town will vote to use the insurance money, received from the White's Corner School building insurance, to pay for desks and other needed equipment for the Grade School building.

Art. 15 To see what action the town will take to relieve crowded conditions in the School Buildings and to appropriate a sum of money for same, or act thereon.

Art. 16 To see if the town will raise and appropriate \$110.00 for public health work in Winterport, said sum to be expended by the Bureau of Health, State Department of Health and Welfare, in cooperation with local authorities.

Art. 17 To fix the rate of discount, if any, for the prompt payment of taxes and the time when said discount shall cease; to fix the time when the taxes due the town shall become collectible and payable; to determine whether interest shall be charged on taxes remaining unpaid after that date and the rate of such interest; to see if the town will vote to instruct its Collector of Taxes for the ensuing year, to collect all such taxes within the limit made by the State Law for the collection of taxes and instruct the Municipal Officers to require the Collector to give a bond for his faithful compliance with the vote under this article.

Art. 18 To see what sum the town will appropriate for State Aid road construction (in addition to the amount) regularly raised for the care of ways, highways and bridgess under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 19 To see if the town will vote to raise the sum of \$300.00 to be used in tarring town streets and street in Oak Hill Cemetery from Lebanon Road to Monument Lot.

Art. 20 To see what sum, if any, the town would recommend to take from the third class apportionment for the purpose of applying bituminous surface treatment to THIRD CLASS ROADS, in excess of the requirements of Section 1, Chapter 207, Public Laws of 1939.

Art. 21 To see what sums of money the town will vote to raise for the maintenance of State and State Aid Highways, also for the maintenance of Third Class Highways during the year within the limits of the town, and maintenance of Special Resolve road.

Art. 22 To see what sums of money the town will vote to raise for the repairs of Highways and Bridges, and for clearing snow from the roads the ensuing year, for cutting bushes, and for sidewalks.

Art. 23 To see if the town will vote to raise the sum of \$500.00 to build the road leading from the Roy Nealley place to the Chipman place or act thereon.

Art. 24 To see if the town will vote to raise the sum of \$500.00 to build road leading from Leonard Treat place to the Newburgh town line.

Art. 25 To see if the town will vote to raise the sum of \$500.00 to build road on Boston Road so called or act thereon.

Art. 26 To see if the town will vote to raise the sum of \$500.00 to build or repair part of Goshen Road between Kendall Road intersection and Conant's Corner.

Art. 27 To see if the town will vote to discontinue the following roads: Old road connecting upper and lower Oak Point roads at their easterly ends; road from west side of Dunkhorst Place to George Clark road; road called New Road from Mrs. Florence Philbrick's to Newburgh line; road from White's Corner Road by the C. B. Jewett place.

Art. 28 To see if the town will vote to authorize the Selectmen to continue W. P. A. projects.

Art. 29 To see what sum of money the town will vote to raise for town's share of W. P. A. project expense.

Art. 30 To see what directions or instructions shall be given the Selectmen about authorizing suit in court for enforcement of liens for unpaid taxes and concerning those cases now pending in court or act thereon.

Art. 31 To see what action shall be taken about sale or disposal of property deeded to town by Sheriff's Deeds or otherwise or act thereon.

Art. 32 To see if the town will vote to authorize the Selectmen and Road Commissioner to purchase, over a three year period, a road grader, the yearly payments to be taken from each year's appropriations of Road accounts, or act thereon.

Art. 33 To see what sums of money the town will vote to raise for Support of Poor, for Salaries of Officers, for Abatement of Taxes, for Hydrant Rental and for other miscellaneous town expenses, for interest on Town Debt and Discount on Taxes, and for Mothers' Aid.

Art. 34 To see what sums of money the town will vote to raise for Memorial Purposes, for Free Library, for Winding Town Clock, for Lighting Streets, for Care of Monument Lot and also for Care of Town Lots in Oak Hill Cemetery.

Art. 35 To choose three or more Assessors of Taxes.

Art. 47 To choose one or more Sealers of Leather and Sealers of Weights and Measures.

Art. 48 To see if the town will vote to raise the sum of \$200.00 to cooperate with the Maine Forest Service and Federal Government in the control of White Pine Blister Rust within the confines of the town.

Art. 49 To see if the town, for the purpose of procuring a temporary loan or loans to and for the use of said town in conducting its municipal business in the current municipal year of 1941 and in anticipation of and to be paid out of the taxes of the current municipal year of 1941, will authorize and direct the Town Treasurer, subject to the approval of the Selectmen, to borrow from time to time during said municipal year, a sum or sums not exceeding in the aggregate, the sum of seven thousand five hundred dollars, and to make, execute and

deliver the negotiable note or notes of the town therefor, payable within said current municipal year and upon such terms as shall be satisfactory to said Town Treasurer and Selectmen, any debt or debts incurred hereunder to be paid out of money raised by taxation during the present municipal year.

Art. 50 To see how much money the town will vote to raise to pay on outstanding bonds.

Art. 51 To see if the town will vote to instruct all town officials to withhold payment of half of any money due any person who is indebted to the town for taxes or any other purpose until that debt due the town is paid or satisfied.

Art. 52 To see if the town will vote to instruct its Selectmen not to accept any bill against the town unless it is approved by the head of the department of town affairs for which the bill is rendered and unless the same is in proper form.

Art. 53 To see if the town will vote to authorize the Selectmen and Treasurer of the town to sell and convey in the name of the Inhabitants of the Town of Winterport, the right, title and interest of the town in and to any or all real estate conveyed to the inhabitants of the town in proceedings for the collection of taxes.

Art. 54 To see if the town will vote to authorize the Selectmen and Treasurer of the town to release and convey in the name of the Inhabitants of the Town of Winterport, to the owner at the time of assessment of the tax, or to his heirs or assigns, the right, title and interest acquired by the town in and to any or all real estate conveyed to the Inhabitants of the Town of Winterport in proceedings for collection of taxes, on payment of the amount of debt, interest and charges due on the respective parcels.

Art. 55 To see if the town will vote to provide the First Waldo Home Defense Unit with proper drill facilities and headquarters at Union Hall for the ensuing year.

Art. 56 To see if the town will vote to buy, exchange or otherwise acquire, at a cost not exceeding \$15,000, sufficient land and other property in the Town of Winterport on the Meadow, so called, or elsewhere in said Winterport as may be required by the United States Government or its agencies for said government or agencies to build on and provide in the Town of Winterport an Airport or Landing Field or such and to give deed and grant such land so acquired to said United States Government or agency thereof as it may require for such Airport, Landing Field or such and to authorize the Selectmen of said Winterport to acquire such land so required and designated property by purchase, exchange or eminent domain and give a good and sufficient deed of same to said United States Government or agency.

Art. 57 To see if the town will vote to elect a Citizens' Committee of three (3) or more to carry out the desires of the Town and the provisions of the preceding article.

Art. 58 To see if the town will vote to request the Legislature to pass an act, or in other proper and legal manner place before the Legislature for enactment a bill, incorporating the Inhabitants of the Town of Winterport and the territory thereof into a school district for the purpose of acquiring Land within said town for school purposes; erecting, equipping and maintaining on said Land a school building, and to be empowered to issue bonds to finance the same.

## REPORT OF HEALTH OFFICER

---

Winterport, Maine, January 26, 1942.

In submitting my report as Health Officer for the Town of Winterport, I am pleased to state that the public health conditions in this town have been very good for the past year. There still remain a few cases of unsanitary conditions caused by people disposing garbage on the sides of the public highways. This practice must be stopped.

I must impress upon the minds of the parents of children that measles, mumps, chickenpox and whooping cough are diseases reportable to the Health Officer regardless of whether there has been a doctor call on the patient.

I thank the townspeople for the fine coöperation I have received in the past year and trust they will continue to help improve health conditions in the town.

Respectfully submitted,

JOSEPH E. COOK,

*Health Officer.*

## ANNUAL REPORT OF PUBLIC HEALTH NURSING, 1941

---

1941 has been an interesting and challenging year. So much has occurred throughout the world, as well as in our own country.

Standing on the threshold of 1942, the door has been suddenly opened before us and we are shocked at what we behold.

As we stand here and get our bearings, we know we are faced with grave responsibilities, responsibilities we may have to carry for a long time, and only as we are physically and mentally fit to contend with these problems, will we be able to carry on. It has been said that our first line of defense is in our homes. The bulwarks of our nation are forged in the homes of our people. Thus we, as a nation, can withstand the rigors of the fight ahead only to the extent that our men and women, boys and girls, are willing and able to take up the torch, stand firm and carry on.

The responsibility for the health of our people lies in our public health programs that are being carried on in our communities and homes. For a successful and effective health program, we must look to the coöperation of everyone in the community.

The following is the report of the public health program carried on in your community for 1941, the local officials and the Bureau of Health coöperating.

### ACTIVITIES

Supervision through home visiting was given to antepartums, postpartums, infants, preschool children, school children and adults. The parents were given instructions in personal hygiene,

the importance of medical supervision, nutrition, infant and child care and training, and immunization.

A Child Health Conference was held under the auspices of the Legion Auxiliary; the attendance was small and the physician unable to attend.

The tuberculin test was given in the high school. There was an excellent response. Arrangements will be made for all reactors and contacts to have a chest x-ray early in the new year.

A total of 61 home visits was made, the nurse contacting 22 individual homes and giving supervision to the following:

- 4 Antepartums
- 4 Postpartums
- 12 Infants
- 24 Preschools

Interviews were held with interested individuals in regard to the program. Plans for the next year should include the organization of a community health committee, in order to extend the health activities and allow the nurse more time for supervision in the homes.

JESSIE B. SUTHERLAND,

*Public Health Nurse.*

## STATE DEPARTMENT OF AUDIT

---

March 5, 1942.

*To the Inhabitants of the Town of Winterport:*

This is to certify that your selectmen have made application to this department for an audit of their accounts.

We had planned to have this work completed in time so that our report could be printed in your annual town report but due to conditions beyond our control, we find it impossible to get to your town before the latter part of this month or early in April.

Very truly yours,

STATE DEPARTMENT OF AUDIT

HAROLD E. CRAWFORD,

*Municipal Auditor.*

A true copy, attest:

MRS. NICIA K. LORD,

*Town Clerk.*

*To the Citizens of the Town of Winterport:*

We, as your selectmen for the past three years, would like to take this opportunity to explain to you briefly a few things which are vital to you and affect you all directly or indirectly.

First the taxation setup has needed for some time a leveling off that is a readjustment of valuation by the assessors so that all taxpayers, especially real estate owners, would be assessed a nearer equal per cent on a true valuation in fairness to all. For over two years we have been working in coöperation with the State assessors on this problem with Mr. Holley, former State assessor, and Mr. Hill, his successor, and they have given us splendid assistance. Also we feel that we should explain that their attitude was to help us improve the town's taxation system, not the State's. It was proved to us that Winterport was one of the lowest in per cent valuation in the County of Waldo and that fact was causing our rate to climb out of bounds as the people felt it necessary to raise quite large appropriation totals to cover necessary school, road and town expenses. Whatever total of valuation a town has figured against the money appropriated is what determines the rate of taxation, therefore the community which is fortunate enough to have a large valuation and does not raise appropriations out of line with sound judgment and also in consideration of the necessity for certain and needed appropriations, is the town that will have the lowest rate and also the soundest financial setup and taxation setup.

Of course no town should have a valuation so high that their State tax would go higher than the State fixes it but this is not a danger that hardly any, if any, town would experience. The State tax is based on more than most towns' total valuation report, that is, they add so much more according to their checkup on valuation. The State tax for Winterport is a certain amount regardless of

how much less our assessors may set our valuation, therefore, Winterport should gradually increase their valuation somewhat more up to a certain bracket, providing they can at the same time lower the tax rate, and not otherwise. If your assessors had not levelled off and therefore had more total valuation in 1941 our rate would have been between 83 and 85 mills based on the amount which was appropriated in 1941. That is too high a rate. So is 75 mills. In fact, we would like to sometime see a rate of between 55 and 65 mills. There are a few ways it could come about. One is to raise less money, another is to not raise any more than now and have a higher valuation on what we have to value. We feel that Winterport has had a good year in 1941. The unpaid bills are over \$3,900.00 less this year than last year and the surplus is increased nearly \$5,000.00. The appropriation for unpaid bills last year was sound and has helped the town's financial situation greatly. We are recommending \$2,000.00 this year instead of \$3,000.00.

We should have a volunteer Fire Department with the call men paid a reasonable amount on an hourly basis when called out. They should be organized and instructed so that efficiency and speed would be available in emergency.

Respectfully submitted,

CARLETON E. YOUNG,  
LESLIE L. DOWNES,  
FRANK P. CLEMENT,

*Selectmen, Assessors and Overseers of Poor.*

## WINTERPORT SCHOOL REPORT

---

### REPORT OF SUPERINTENDENT OF SCHOOLS

#### SUPERINTENDING SCHOOL COMMITTEE

Mr. Norman Page,	Term expires March, 1942
Mr. George Bryant,	Term expires March, 1943
Mr. Norris Clements,	Term expires March, 1944

*Chairman*, George Bryant

*Secretary*, F. C. Worcester

*To the Superintending School Committee and the Citizens of the  
Town of Winterport:*

For the fifth time it becomes my privilege and duty to make the annual school report. The financial statement will be found at the end of this report.

We had expected a material decrease in school enrollment this past year but such has not been the case. Although some families have moved away yet others have come in to maintain practically the same enrollment.

### SCHOOL PROGRESS

#### TEACHERS

As school opened in September we found, with one exception, the same teachers in the elementary school. Miss Shirley Curtis took the place of Miss Virginia Vannah, who had married and moved to another town. However, in November, Mr. Arthur Doe, principal of the grade schools, resigned to take a supervisory po-

sition in Aroostook State Normal School and Mr. Sumner Clark, a former principal of this building, was secured to take over this work. In the high school, Mr. Arthur Webb, with three years of experience in Monroe High School, was secured as principal and teacher of Science and Mathematics. Mr. Richard Hopkins who had taught for one year in Stockton Springs was secured as an extra teacher for the high school. A marked improvement has been noted in the high school this year. As Miss Blodgett, supervisor of music, resigned to go back to a former position as supervisor of music in York, Mr. Kenneth Matthews, a graduate of the Boston University College of Music, was secured for this position. We have been fortunate to have had such good teachers in our school system this past year. We are hopeful for next year.

### TEXTBOOKS

Five years ago we started upon a long-term program for school textbooks and teaching materials. Because of that wise planning our books are now in very good condition. Had not this been done our schools would find it difficult to secure proper teaching equipment in the years just ahead. Textbooks will of necessity be much higher in price and likewise hard to get. Many new books have been purchased for the grade schools; especially noteworthy are the reading books for grade four. For three years we have been looking for the right book for this grade. We selected "Sails Set for Treasure Land." This is a work-type reader with lessons on "How to Study," dictionary work and many other features of modern day teaching. We are pleased with the selection.

We are not yet satisfied with our reading program and results. Very shortly we will undertake a reading testing program with a battery of tests to check on results in reading for the four lower grades. Many new books have been purchased for the high school, among them new reference books in science, complete sets for the following—grade eight science, chemistry, tenth year English grammar, tenth year literature, and Functional Method for Short-hand. A substitute teacher commented most favorably on our selection of "Jaffe" for chemistry.

## TRANSPORTATION

A survey of transportation over the past five-year period shows marked improvement. One new school bus has been purchased without any extra expense to the town, and a new and larger bus has been ordered and is now past due for delivery. Mr. Clements' old bus has been replaced by a fine new bus and we consider the equipment in very good shape. You will notice an article in the town warrant asking you to authorize the proper town officials to purchase a new school bus and to sign notes in the name of the town for part payment for same. This does not mean an extra appropriation this year nor in the future. The present town bus will be turned in as a down payment and the balance will be financed from present school monies. Our school children are well served by transportation service. Have you stopped to think that we are one of the few towns which furnishes high school transportation and for this the town only raises \$450.00 a year?

## REPAIRS

Sometimes we forget that both of our present school buildings were built previous to 1855. This year minor repairs have been made on the elementary school building. New double-hung curtains have been placed in the primary room. Previous use of this type of curtain demonstrated its efficiency. New seats have been purchased for grade six; these have been a real improvement over the old type. At the high school building considerable time and money was spent last summer in minor repairs. As there will be heavy insurance premiums due this next year no major repairs are contemplated. The interior woodwork of the elementary building is badly in need of varnish, especially the window sash. It will be wise to keep this building in a good state of repair.

## SCHOOL PROBLEMS

After your vote at last town meeting authorizing the superintending school committee to set in motion plans for a new high school building, in view of world conditions it was deemed advisable to give up such plans for the present. We still have a crowded

condition in the primary room. Other pupils are now being cared for comfortably. A proposition was made to the superintending school committee to purchase the Flemant house, so-called, and make it into a two-room schoolroom. This plan was carefully investigated by competent workmen. It was then decided, that inasmuch as the expenditure would be considerable to make structural changes, lighting, basement facilities, heating, and other changes, and that we would then have only a make-shift school building, that such a plan would not be advisable. We then considered the possibility of an addition of two rooms to the present elementary building. This could be done at an approximate cost of \$4,000.00. In view of present tax conditions in Winterport and the nation, and the likelihood of not being able to obtain proper building materials it was decided not to recommend such a program.

Within the past five years, three full-time teachers have been added to the teaching staff of Winterport schools, an extra teacher in the primary room, an extra teacher in the high school and a full-time supervisor of music. With the exception of a small appropriation for music, which does not begin to cover the cost of this instruction, these teachers have worked with us at not an extra dollar of cost in appropriations.

All school expenditures will be high next year and in the years just ahead. One paper item alone has advanced over forty per cent since last September. In spite of necessarily increased costs for the schools, we are not asking for any increase in school appropriations. The following budget has been recommended by the superintending school committee. Only by careful planning and experienced buying will these askings be sufficient:

Common schools,	\$7,000.00
High school,	2,750.00
Textbooks,	300.00
Supplies,	300.00
Music,	200.00
High school conveyance,	450.00
Repairs, insurance and miscellaneous,	900.00

In the name of the school children of Winterport, we express to you, the voters, our sincere appreciation of your generous support of the school system.

Respectfully submitted,

FRANK C. WORCESTER,

*Superintendent of Schools.*

## REPORT OF THE PUBLIC HEALTH NURSE

1942

---

Another year has rolled around and we are still at war; a war which affects our lives and work.

The health of our children must be protected and conserved and for their benefit we must not relax our vigil in education for good nutrition, prevention of disease, and the correction of remedial defects.

The examination of the men for military service has shown the need for better medical examinations for our children. Aside from the complete physical examination, which includes a chest X-ray, the men are given immunization against the various communicable diseases.

If the government realizes the need for our service men to have this thorough physical check-up and protection, shouldn't we, the present citizens of the communities, feel responsible for seeing that such services are available for the health and welfare of our future citizens?

During 1942 the nurse has tried to carry on a well rounded public health program. One of the most important accomplishments of the year was the organization of a community health committee. This committee has aided greatly in the success of many projects.

As in the past years, much stress was placed on the maternal and child health phase of the work. Expectant mothers were visited to urge regular medical supervision. Eight visits were made to mothers during the post partum period to stress the importance of regular feeding and sleeping habits for infants, and sufficient amounts of rest for the mother.

Forty-two visits were made in behalf of infants and forty-nine visits in behalf of preschool children. Mothers were given advice in relation to feeding habits, the necessity of children to develop a sense of independence, and the need for early protection against preventable communicable diseases.

In the spring a vaccination clinic was held in the schools. Dr. Smith, assisted by the nurse, vaccinated 219 children.

The District Health Officer gave the tuberculin test to sixty-two high school children. Sixteen X-rays were taken.

Two hundred and thirty-five school children were given the audiometer test, which detects hearing defects. Follow-up visits were made in the homes of children showing such defects.

In 1943 the following activities should be increased: Immunization program against the preventable communicable diseases, with a better understanding of the methods for controlling the spread of those diseases which cannot be prevented, and a community responsibility for increasing its health index.

With the slogan "Cooperation for 1943," we will look forward to BETTER HEALTH for 1944.

MISS JESSIE B. SUTHERLAND,

*Public Health Nurse.*

## REPORT OF HEALTH OFFICER

---

February 1, 1943.

Report of the Health Officer is brief, which is fine. There has been few cases of communicable diseases in the past year. There were a few cases of people not taking the proper care of their garbage, which in the end caused some expense to the town.

I trust all the citizens of the town will do their part toward keeping the town healthy.

Sincerely,

J. E. COOK,  
*Health Officer.*

## WINTERPORT SCHOOL REPORT

---

### REPORT OF SUPERINTENDENT OF SCHOOLS

#### SUPERINTENDING SCHOOL COMMITTEE

Mr. George Bryant,	Term expires March 1943
Mr. Norris Clements,	Term expires March 1944
Mr. Norman Page,	Term expires March 1945

*Chairman, George Bryant*

*Secretary, F. C. Worcester*

*To the Superintending School Committee and Citizens of Winterport:*

For the sixth consecutive year it becomes my duty and pleasure to present this report for your careful consideration. In many ways this has been a most difficult year and to those who have given loyal support we are grateful.

#### CHANGES

##### TEACHERS

In view of the great shortage of teachers, we have been most fortunate this year with regard to our teaching force. At the High School Miss Mary Vannah, language teacher, resigned to become married and Miss Ruth Hawkins, a graduate of Bates College with two years' experience, was secured for this position. Mr. Hopkins left for a better paying teaching job and Mr. Donald Raymond, a

graduate of Farmington State Normal School, took over this work. In January Mrs. Mabel Lord, who had served the Commercial Department so efficiently for five years, left us for a more remunerative position in government office work, and Miss Hilda Banks, a senior at the Maine School of Commerce, took over the work immediately. We were able to keep the Commercial Department in continuous operation, which many schools have been unable to do because of the great demand for government office positions.

At the grade school, Mr. Sumner Clark, as principal, felt it his duty to continue farm work, and Mr. Leon Beal, a Farmington graduate, was secured as principal. He was soon drafted for the "armed forces" and Mr. John Carleton, for several years a teacher in the Winterport schools, took over the principalship, only to be called for Selective Service in a short time. By that time teachers were becoming most difficult to obtain under any circumstances. However, we obtained the services of a competent and well-trained teacher with experience in the person of Mrs. Elsie Trecartin as principal. But yet our troubles were not over, another teacher was still needed and Miss Rachel Green, a graduate of North Dakota Normal School, was found to teach Social Sciences in the four upper grades. As Miss McCann, who for four years had done splendid work in grade two left for the marriage state, Miss Helen Staples, a graduate in 1942 of Farmington, was secured for this important position in sub-primary and Miss Shirley Curtis took over Miss McCann's grade two room. As Mr. Kenneth Matthews, supervisor of music, left in the fall to enter the Portland shipyard, that position has been vacant this year. The teacher supply for Maine schools next year is most limited. We will, however, do our best for your schools next year.

#### TEXTBOOKS

Present conditions reveal the wisdom of the past five years of placing our textbook supply in the schools on an efficient basis in both grade and high schools. This year we have added to an already excellent textbook equipment. Noteworthy has been the set

of aeronautic textbooks for the high school, together with such supplementary material as new airway maps of the world. A fine list of current periodicals keeps the students well informed on present-day issues. Teachers, parents and pupils find splendid results from the manuscript or print writing which we introduced into the three lower grades four years ago. The high cost of textbooks and the probable difficulty of obtaining them reveal the wisdom of having our present good supply of textbooks on hand.

#### REPAIRS

Minor repairs have been made on both buildings during the summer vacation. The greatest single item was the work done in a two-coat varnish job for the grade school interior. Most of our money from this account went for insurance this year. It is planned to paint the exterior of the high school building this next summer and to erect a heavy wire fence around the high school yard. Some interior painting will need to be done at this building. Our heating and lighting systems in both buildings continue to give excellent service and good dividends for our children. We were most fortunate to have secured Mr. John Arbuckle and Mr. Carl Knowles for the important positions of school building custodians. They have given real satisfaction in these jobs.

#### SCHOOL PROBLEMS

Some problems we have always with us. A major problem is that of transportation. The Office of Defense Transportation has notified us that school officials and parents must cooperate to the fullest extent if we are to continue our transportation of school children. We are advised that school buses ought not to go off a trunk highway unless children live more than two miles from the place where a school bus passes over such a highway. Therefore, children ought to walk to a highway and also the school bus ought to make a few central stops instead of the costly practice of stopping at each home along the route. Our town gives unusually fine transportation service to our school children.

Last year we advised you in our report that school expenses would be considerably higher this year. The salaries of teachers had to be raised; this was only playing fair with the teachers who remained with us, as well as new teachers coming into the system. In spite of these increased costs many of them unforeseen, our financial statement will reveal a substantial balance this year. Again we come before you with the budget recommendations and to your happy surprise there is not a single dollar advance asked for in any account. We believe that with careful planning and wise buying the following amounts will be sufficient:

Common Schools,	\$7,000.00
High School,	2,750.00
Textbooks,	300.00
Supplies,	300.00
Music,	200.00

Respectfully submitted,

FRANK C. WORCESTER,  
*Superintendent of Schools.*

### STATE OF MAINE

WALDO, ss.

To FRED C. MERRY, a Constable of the Town of Winterport, in  
the County of Waldo, GREETINGS:

In the name of the State of Maine, you are hereby requested to notify and warn the inhabitants of the said Town of Winterport, qualified by law to vote in town affairs, to assemble in Union Hall in said town on Monday, March 29, 1943, at 9 o'clock A. M., to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose three or more Selectmen.

Art. 4. To fix the compensation of the Town Treasurer for the ensuing year.

Art. 5. To choose a Town Treasurer

Art. 6. To fix the compensation of the Collector of Taxes for the ensuing year.

Art. 7. To choose a Collector of Taxes.

Art. 8. To see what sum of money the town will vote to raise to pay unpaid outstanding bills against the Town or act thereon.

Art. 9. To fix the compensation of Road Commissioner or Commissioners and wages to be paid men, teams and trucks employed on the highway and to choose one or more Road Commissioners.

Art. 10. To choose one or more members of the Superintending School Committee.

Art. 11. To see what sums of money the town will vote to raise for the support of Common Schools, Free High School, High School Conveyance, Music, Free Textbooks and High School Library, School Supplies and Laboratory Equipment, Repairs, Insurance and Miscellaneous.

Art. 12. To see if the town will vote to authorize the Superintending School Committee to appoint a School Physician and to provide proper facilities for the performance of his duties.

Art. 13. To see if the town will vote to name the Winterport Municipal Airport Fernald Field in honor of Roy L. Fernald, who conceived, promoted and obtained said airport as a national defense project for his home town.

Art. 14. To see if the town will vote to authorize the Selectmen to enter into an agreement for the management of lands purchased by the Soil Conservation Service within the town of Winterport, if and providing said Board of Selectmen deem the same advisable.

Art. 15. To see what sum of money the town will vote to raise for the promotion of the agreement in Article 14.

Art. 16. To see if the town will raise and appropriate \$125.00 for public health work in Winterport, said sum to be expended by the Bureau of Health, State Department of Health and Welfare, in cooperation with local authorities.

Art. 17. To fix the rate of discount, if any, for the prompt payment of taxes and the time when said discount shall cease; to fix the time when the taxes due the town shall become collectible and payable; to determine whether interest shall be charged on taxes remaining unpaid after that date and the rate of such interest; to see if the town will vote to instruct its Collector of Taxes for the ensuing year to collect all such taxes within the limit made by the State law for the collection of taxes and instruct the Municipal Officers to require the Collector to give a bond for his faithful compliance with the vote under this article.

Art. 18. To see what sum the town will appropriate for State Aid road construction (in addition to the amount regularly raised for the care of ways, highways and bridges), under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 19. To see what sum of money the town will vote to raise for repairs on the Haley Road.

Art. 20. To see if the town will vote to discontinue the road from the foot of Conant's Hill to top of said hill at the Ebberson place.

Art. 21. To see what sums of money the town will vote to raise for the maintenance of State and State Aid Highways, also for the maintenance of Third Class Highways during the year within the limits of the town, and maintenance of Special Resolve Road.

Art. 22. To see what sums of money the town will vote to raise for the repairs of Highways and Bridges and for clearing snow from the roads the ensuing year, for cutting bushes, for sidewalks, and tarring town streets.

Art. 23. To see if the town will vote to raise the sum of \$500.00 to build the road leading from the four corners near Theodore Clements' place toward town line.

Art. 24. To see if the town will vote to discontinue the Staples Road from the Arthur Lufkin place to the former A. L. Hackett place.

Art. 25. To see if the town will vote to appropriate a sum of money to complete the resurfacing and tarring of the Cole's Corner Road, so-called, from the Thibodeau farm to Carleton's Corner.

Art. 26. To see if the town will vote to raise \$200.00 to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the town.

Art. 27. To see what directions or instructions shall be given the Selectmen about authorizing suit in court for enforcement of liens for unpaid taxes and concerning those cases now pending in court, or act thereon.

Art. 28. To see what action shall be taken about sale or disposal of property deeded to town by Sheriff's Deeds or otherwise, or act thereon.

Art. 29. To see what sums of money the town will vote to raise for Support of Poor, for Salaries of Officers, for Abatement of Taxes, for Hydrant Rental and for other miscellaneous town expenses, for Interest on Town Debt and Discount on Taxes, and for Mother's Aid.

Art. 30. To see what sums of money the town will vote to raise for Memorial Purposes, for Free Library, for Winding Town Clock, for Lighting Streets, for Care of Monument Lot, and also for Care of Town Lots in Oak Hill Cemetery.

## REPORT OF AUDITOR

---

February 29, 1944.

*To the Inhabitants of the Town of Winterport:*

In accordance with the request of your municipal officers, this department, represented by M. E. Libby, has completed an examination of the accounts of your town officials for the municipal year ended February 15, 1944.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of February 15, 1944 and the results of its operations for the municipal year then ended.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Balance Sheet
B	Cash Receipts and Disbursements
C	1943 Valuation, Tax Assessment and Collection
D	Statement of Departmental Operations
E	Analysis of Change in Net Surplus
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Summary of Taxes
3	Summary of Tax Liens
4	Summary of Tax Acquired Property with Supporting Detail
5	Accounts Receivable
6	McKenney Fund Investment
7	Trust Funds
8	Bonds Payable
9	Notes Payable

Respectfully submitted,

State Department of Audit,

HAROLD E. CRAWFORD,

*Municipal Auditor.*

## COMMENTS

### Cash:

All cash recorded as received was found to have been properly accounted for and deposited in the bank currently, with the exception of \$21.50 cash on hand at the close of the year. The receipts are summarized on Exhibit B.

Expenditures were made by check, supported by warrants drawn by the Selectmen, as summarized on Exhibits B and D.

The cash balance reconciled with the last bank statement, as per detail shown on Schedule 1.

### Taxes—Property and Poll:

The 1943 tax commitment was added and found to agree with the Assessors' records. The total commitment was accounted for by cash, authorized abatements, discounts, or still remained unpaid.

According to the records, payments received and abatements made on prior years' unpaid taxes appeared to have been credited against the proper balances. The unpaid taxes for the various years are summarized on Schedule 2, with the supporting detail being shown on Schedule 2-a.

All recorded receipts on tax liens and tax acquired property appeared to have been applied against the proper balances. The liens remaining unpaid are summarized on Schedule 3, with the supporting detail being shown on Schedule 3-a; while the tax acquired property is summarized and detailed on Schedule 4.

The cash collection of the current year's taxes was 85.5%; while all taxes collected during 1943, both current and prior, amounted to 105.5%, both as against the current commitment.

**Excise Tax:**

The excise tax receipts were checked and, according to these records, all collections were accounted for and deposited with the Treasurer. The receipts and disposition of same follows:

1943—Receipts 46 to 377	\$1,116.02	
1944—Receipts 1 to 94	366.84	
	<hr/>	
Deposited with Treasurer (Ex. B)	1,482.86	
Carried over from 1942/43 year (Ex. A)	1,400.00	
	<hr/>	\$2,882.86
Disposition:		
Applied on 1943 assessment (Ex. C)	\$ 300.00	
Transferred to General Government (Ex. D)	1,100.00	
Forwarded to 1944/45 year (Ex. A)	1,400.00	
	<hr/>	2,800.00
		<hr/>
Transferred to Net Surplus (Exhibit E)		\$82.86
		<hr/>

**Trust Funds:**

The trust fund investments were examined and the detail is shown on Schedule 7. The income appeared to have been properly accounted for.

The McKenney Fund, which was included in general cash last year, is now set up as a separate account and the detail of investments of this fund is shown on Schedule 6.

**Net Surplus:**

Reference to Exhibit A indicates that as of the close of the municipal year there was a Net Surplus in the amount of \$16,731.30, as compared with a Net Surplus of \$14,324.24 shown the year previous. This is a beneficial change of \$2,407.06, the analysis of which is shown on Exhibit E of this report.

**General:**

All outstanding warrants were paid at the close of the year.

A substantial number of paid bills and payrolls were checked and those examined appeared to be proper charges and correctly recorded.

The records of dog licenses issued by the Town Clerk showed collection in the sum of \$118.40, which amount was paid to the State Treasurer.

The Withholding Tax appeared to have been properly handled and the amount of \$207.50 was due the Internal Revenue Department at the close of the year.

With the exception of cash and trust funds, no external verification was made of your asset and liability accounts.

### REPORT CONCERNING FIRE EQUIPMENT

Your Selectmen and Fire Warden Robert Nickerson have been trying ever since May 1943 to secure from the Government, permission or priority to purchase a fire truck and equipment. In June 1943 an application was made to the Government for truck and equipment. We were denied the right to purchase and copy of that denial is printed here for your information. We were informed that we could again apply in Nov. 1943.

It was not until January 1944 that we could again locate any suitable truck chassis and immediately we started another application for permission to purchase. We have not yet heard from this application but are surely hoping the application for priority will be granted.

There is no doubt in our minds and we believe there is none in any citizen's mind but that our fire danger is ever present and very serious.

We advise and strongly urge that you take definite action this year to purchase adequate fire truck and equipment.

(Revised 5-12-43)

EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE FOR EMERGENCY MANAGEMENT

Washington, D. C.

THE OFFICE OF DEFENSE TRANSPORTATION

August 12, 1943

Refer to File: 1-D 1977

TO: Town of Winterport  
Winterport  
Maine

Your "Application to Acquire A New Commercial Motor Vehicle", dated June 12, 1943, has been carefully examined by this Office.

The supply of new vehicles now available is so limited as not to permit the allocation of a new vehicle to you at this time. This Office has therefore decided that your application should be disapproved.

If you still believe that your needs are essential to the war effort and that they can only be met by a new vehicle, you may file a new application not sooner than three months after the date of this letter.

The foregoing action is taken pursuant to the authority vested in the Office of Defense Transportation to assure maximum utilization of the domestic transportation facilities of the nation for the successful prosecution of the war.

Very truly yours,

M. E. Kane, Chief

Allocation Section

Division of Motor Transport.

Room 2428  
New Post Office Building

*To my fellow workers and all citizens:*

I wish at this time to express my sincere thanks to you all for your cooperation and patience with my efforts during the time I have had the privilege of serving you as Chairman of the Board of Selectmen.

I feel that the future should hold reasonable success and progress for the Town of Winterport and it is my sincere hope that it will.

I would like to convey my personal thanks and appreciation to your Second Selectman Leslie L. Downes, your Third Selectman Howard R. Clement, your former Third Selectman Frank P. Clement and to your Tax Collector and Treasurer Fred C. Merry for their always dependable aid and assistance.

For the Town of Winterport and all its people I shall ever wish the best of everything.

CARLETON E. YOUNG.

## REPORT OF THE PUBLIC HEALTH NURSE

1943

The work of another year has been finished. In some ways it has been a hard year. The restrictions on driving, caused by limited supplies of gas and tires; the changes in population, due to civilians working in war industries, and many of the boys being inducted into military service, have made organizing and planning difficult.

We are fortunate, that as yet, there has been no serious epidemics of communicable diseases, though we hear rumors of flu spreading. Should a "flu" epidemic start, could we be certain of controlling it? Are we prepared to take care of the sick in their own homes? Remember there is no chance of hospitalization.

Do you know how many of your citizens and children have been protected against smallpox, typhoid fever, diphtheria and whooping cough? There are immunizing agents which make it unnecessary to be ill with any of the above diseases, may be administered with very little discomfort and time, and procured at very reasonable cost.

Are you acquainted with the plans for Health Education in the schools? Are your children benefited by a hot dish to supplement their lunch brought from home? Have you heeded the teacher's report on hearing and visual defects and sought medical advice? Early attention may save much serious trouble later on.

The health program in your town is yours. Your cooperation is vitally needed to make it successful. There is need for committee organization to help plan for Child Health Conferences and Immunization Clinics. Your town officers and public health nurse will appreciate any assistance you believe you have time and ability to give.

This war your boys are helping to fight can be won only by the closest cooperation among the officers and the men with their allies, backed up by those on the home front producing arms, ammunition, planes, ships, food and clothing. The health of everyone must be maintained.

It is also a fact that any Health or Welfare Program in your town can only be successful to the extent that the parents, officers and children cooperate with each other and any of the agencies which stand ready to help.

The nurse has made forty visits to your town this year. During these visits sixty-four children have been given the tuberculin test; eighteen nursing visits have been made to expectant mothers; fifty-four nursing visits to infants; and sixty-six nursing visits to pre-school children.

Sixteen home visits were made to school children in their homes in an effort to secure corrections for physical defects and to find solutions to other health problems which had been presented by the teachers.

As in the past all crippled children have been followed up and closely supervised by visits to the homes and by the supervision offered by clinics.

During this emergency, with the shortage of doctors and the limited amount of transportation available, it is more important than ever before that each community be aware of its own health problems and to work toward the solution of these problems. This can be accomplished only by the united effort of interested community leaders, organized as a community Health Committee whose purpose should be to learn the needs of the community, to interpret these needs to the citizens, to know the services offered by the public health nurse, to interpret these services to the community, and to stand behind the Health Program.

Let us all cooperate for better health in 1944 for every citizen in the community.

Respectfully submitted,

JESSIE SUTHERLAND,

*Public Health Nurse.*

**SUPERINTENDING SCHOOL COMMITTEE**

Mr. Norris Clement	Term expires March 1944
Mr. Norman Page	Term expires March 1945
Mr. Robert Nickerson	Term expires March 1946
Chairman—Norris Clement	Secretary—F. C. Worcester

*To the Superintending School Committee and the Citizens of the  
Town of Winterport,* **GREETINGS:**

For the seventh consecutive year it becomes my duty to present this, my annual, report.

**CHANGES**

The New Order of the day has not left the schools untouched. Great indeed was the loss from our Committee counsels of the clear-thinking, business-like judgments of our Mr. George Bryant. Mr. Robert Nickerson was elected to succeed Mr. Bryant on the Committee.

We have been most fortunate in finding and selecting teachers for the current school year. As one considers that only 40 per cent as many students are preparing for teaching as in 1939-40, we realize that the teacher situation in Maine is indeed a desperate one. This is true, not only for the immediate future, but for the next ten-year period at hand. Unlike many towns we did not need to employ retired teachers nor persons with inadequate training. For this our citizens and parents are duly grateful.

At the High School, Miss Hawkins left the language department for a more remunerative position as did Mr. Raymond from the eighth grade and Miss Banks from the Commercial Department. These positions were filled with well-trained, experienced teachers. Mr. Sumner Clark, a former teacher in our schools took over the eighth grade; Mrs. Mary Gould, a graduate of the Bay Path Institute Training School, who taught in the Commercial Department of Old Town has done excellent work. Mr. Harold Philbrook, a graduate of Beloit College with an A.B. and also a graduate from New York University with a Master's Degree in Arts in 1938, was secured for the language department.

In the Grade Schools—Miss Myrtle Condon with a year at Colby College and a graduate of Eastern State Normal School in 1942, also a year's experience teaching in Hancock was engaged for Grade 1; Mrs. Florence Philbrook, a graduate of Eastern State Normal School and with several years' experience has been in Grade 3 this year. Miss Helen Carroll, a graduate of Farmington Normal in 1943, was placed in charge of English and Reading; while Miss Helen Powers also of Farmington Normal graduating class of 1943 took over the Social Sciences. Our greatest teacher problem this last year was to secure a well-qualified Principal for the Grade School system. This was made needful by the death, in the summer of Mrs. Elsie Tre-cartin, our former Principal.

After much searching and consideration, and with plenty of candidates to choose from, we secured Mrs. Velma Stanley Teel for this important position. Mrs. Teel is a graduate of the Eastern State Normal School and with several summer sessions at Bates College and the University of Maine. Mrs. Teel has had wide experience in the teaching field including six years teaching of mathematics in the Old Town schools. Two items, among many warrant a mention here. Mrs. Worcester, a member of the Daughters of the American Revolution Committee on Citizenship, interested Mrs. Teel and her teachers in forming Junior Citizenship Clubs. These have done much to create interest in good citizenship among the children. The

Grade School has also done a very creditable bit of work along patriotism—they have set aside each Thursday as War Bond and Savings Stamps sales day; up to the present they have purchased with their dimes and quarters a total of \$671.60.

We hope to retain the services of all our teachers for the coming school year.

The coming of the majority of Frankfort High School students to Winterport High School has been a real asset to our school. They have creditably competed with our own students with pleasure and profit to both groups.

#### TEXTBOOKS AND SUPPLIES

For the past six-year period we have steadily been replacing and building up a most excellent set of textbooks. The town is fortunate that this has been done. We are now getting books of inferior quality and a drastic shortage in the textbook field is predicted for the coming year. One change, of real benefit has been the Elementary Language books. After careful consideration of many available books in this field, we selected the McKee Language series. Our choice of these books has received many favorable comments not only from our own teachers but a Grade School Principal of a large school system made the remark "Yes, we would have liked to have had McKee language books but it was not made possible for us." A former Winterport teacher, now teaching in New Jersey, upon visiting our schools during the Christmas period said "Oh, you have the McKee language books, so do we." And New Jersey is an up-to-date school State. Our spelling program has been revised and a new spelling book placed in the hands of each pupil this year. In spite of these and other major expenditures our textbook expenditure has been small this year.

Supplies—Our teachers and pupils have not wanted for any needful teaching materials even in scarce and practically non-obtainable items such as Scotch-tape, metal pencil sharpeners, etc. These together with an ample supply of chalk, colored crayons, paper, construction paper and other supplies make both teaching and learning much more pleasant and certainly more efficient.

### REPAIRS

For the last few years we have realized how dilapidated was the High School building. We were ready to paint the exterior but help was not available. We did, however, completely renovate every classroom in the High School building with a two-coat paint job for wood-work and walls. This has made these rooms much more attractive. Instead of doing the radiators with metallic paint, as is the custom, we did them over with a flat paint which does not cause a loss of heat. We have added double-hung curtains to another room in the Grade School; these give a maximum of light and air without sunlight glare. Such curtains are expensive over the ordinary type but they relieve eye-strain for the pupil.

### SCHOOL PROBLEMS

We are reminded again of the excellent transportation facilities which the town of Winterport provides for all the school children. Few towns in the State provide transportation for High School students.

In the early summer we found ourselves faced, not only with the usual transportation problems for these are always with us, but a much more serious difficulty presented itself. We did not have transportation for the Ellingwood's Corner and River Road children. A new school bus could not be obtained. But those children must be brought to school. Therefore we purchased the 1934 Ford chassis and bus body from Mr. Willard Clark, the former conveyor. We had this bus thoroughly overhauled and newly painted, upholstery re-

paired and general repair job on glass, etc. This bus is now owned by the Town of Winterport and for this unlooked-for expenditure you have not been asked to raise an extra dollar. Instead there is a very creditable balance carried forward for next year. You are, of course, expecting an increase in school askings this year. This is needful because of a decrease in Equalization money for next year. Your Superintending School Committee after much discussion and planning submit the following budget askings for your approval and usual generous consideration:

Common Schools	\$7,200.00
High School	3,750.00
Textbooks	300.00
Supplies	300.00
High School Conveyance	550.00
Rental of Hall for School Uses	100.00
Repairs, Insurance and Miscellaneous	600.00

To those who have helped in the work of the schools this year we extend our heartfelt appreciation.

Respectfully submitted,

FRANK C. WORCESTER,

*Superintendent of Schools.*

### STATE OF MAINE

WALDO, ss.

To FRED C. MERRY, a Constable of the Town of Winterport, in  
the County of Waldo, GREETINGS:

In the name of the State of Maine, you are hereby requested to notify and warn the inhabitants of the said Town of Winterport, qualified by law to vote in town affairs, to assemble in Union Hall in said town on Monday, March 20, 1944, at 9 o'clock A. M., to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose three or more Selectmen.

Art. 4. To fix the compensation of the Town Treasurer for the ensuing year.

Art. 5. To choose a Town Treasurer.

Art. 6. To fix the compensation of the Collector of Taxes for the ensuing year.

Art. 7. To choose a Collector of Taxes.

Art. 8. To see if the Town will vote to discontinue the so-called Sunken Bridge road leading from Ellingwood's Corner to Newburg road near Newburg.

Art. 9. To fix the compensation of Road Commissioner or Commissioners and wages to be paid men, teams and trucks employed on the highway and to choose one or more Road Commissioners.

Art. 10. To choose one or more members of the Superintending School Committee.

Art. 11. To see what sums of money the town will vote to raise for the support of Common Schools, Free High School, High School Conveyance, Music, Free Textbooks and High School Library, School Supplies and Laboratory Equipment, Repairs, Insurance and Miscellaneous.

Art. 12. To see if the town will vote to authorize the Superintending School Committee to appoint a School Physician and to provide proper facilities for the performance of his duties.

Art. 13. To see if the town will vote to lease the Winterport Municipal Airport, "Fernald Field," and all adjoining land owned by the town, to Roy L. Fernald for a term of ten years, for one dollar per year and exempt from local taxation all buildings, hangers and personal property kept on same and erected thereon by him or his assigns during the period of the lease. Said Roy L. Fernald or his assigns to have the option to renew, for another ten year period, said lease under same terms at two hundred dollars per year.

Art. 14. To see if the town will vote to authorize the Selectmen to enter into an agreement for the management of lands purchased by the Soil Conservation Service within the town of Winterport, if and providing said Board of Selectmen deem the same advisable.

Art. 15. To see if the town will vote to raise one hundred dollars to erect signs to designate local streets by name and other important unmarked sections of the town and to name a Committee of three to carry out the provisions of this article.

Art. 16. To see if the town will raise and appropriate \$125.00 for public health work in Winterport, said sum to be expended by the Bureau of Health, State Department of Health and Welfare, in cooperation with local authorities, for local service.

Art. 17. To fix the rate of discount, if any, for the prompt payment of taxes and the time when said discount shall cease; to fix the time when the taxes due the town shall become collectible and payable; to determine whether interest shall be charged on taxes remaining unpaid after that date and the rate of such interest; to see if the town will vote to instruct its Collector of Taxes for the ensuing year to collect all such taxes within the limit made by the State law for the collection of taxes and instruct the Municipal Officers to require the Collector to give a bond for his faithful compliance with the vote under this article.

Art. 18. To see what sum the town will appropriate for State Aid road construction (in addition to the amount regularly raised for the care of ways, highways and bridges), under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 19. To see what sum of money the town will vote to raise for repairs on the Haley Road.

Art. 20. To see if the town will vote to discontinue the road from the foot of Conant's Hill to top of said hill at the Ebberson place.

Art. 21. To see what sums of money the town will vote to raise for the maintenance of State and State Aid Highways, also for the maintenance of Third Class Highways during the year within the limits of the town, and maintenance of Special Resolve Road.

Art. 22. To see what sums of money the town will vote to raise for the repairs of Highways and Bridges and for clearing snow from the roads the ensuing year, for cutting bushes, for sidewalks, and tarring town streets.

Art. 23. To see if the town will vote to raise the sum of \$200.00 to be used in repairing road from White's Corner North, towards Newburg.

Art. 24. To see if the town will vote to raise the sum of \$300.00 to be used in repairing the Upper Oak Point road.

Art. 25. To see if the town will vote to purchase a new truck and equipment to be used as a Fire Truck and to authorize the Selectmen and Treasurer to borrow not over \$5,000.00 to be used in purchasing Fire Truck and equipment and to sign notes payable \$1,000.00 annually starting in 1944.

Art. 26. To see if the town will vote to raise \$200.00 to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the town.

Art. 27. To see what directions or instructions shall be given the Selectmen about authorizing suit in court for enforcement of liens for unpaid taxes and concerning those cases now pending in court, or act thereon.

Art. 28. To see what action shall be taken about sale or disposal of property deeded to town by Sheriff's Deeds or otherwise, or act thereon.

Art. 29. To see what sums of money the town will vote to raise for Support of Poor, for Salaries of Officers, for Abatement of Taxes, for Hydrant Rental and for other miscellaneous town expenses, for Interest on Town Debt and Discount on Taxes, and for Mother's Aid.

## REPORT OF AUDITOR

---

February 27, 1945.

Board of Selectmen  
Winterport, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, the records of the town of Winterport have been audited for the fiscal period February 15, 1944 to February 17, 1945 inclusive.

Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary.

Insofar as we can ascertain within the scope of our examination, the result discloses that the many financial transactions of this town have been handled in accordance with statutory requirements.

Comments of Auditor Libby, who conducted the examination, are incorporated in this report. These may prove of interest to you.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,

L.

State Auditor.

## COMMENTS

### Cash—General, \$14,436.66

To the extent possible, it was ascertained that all receipts were properly accounted for and the cash deposited in the bank. An overage of \$5.46 in the hands of the Treasurer has been set up as a suspense account awaiting final disposition.

Expenditures were made by check from authorized warrants, supported by invoices on file.

The cash balance reconciled with the bank statement at the close of the year plus cash on hand of \$175.22.

### Taxes—Property and Poll, \$9,160.43

The tax commitment to the Collector was compared with the records of the Assessors. The total commitment was accounted for by cash, discounts for early payment, abatements or unpaid taxes as reflected on the records of the Collector.

Payments received on prior years' taxes, tax liens and tax acquired property were verified by examination of the cash records.

A reserve has been provided for uncollected tax items over five years old.

The cash collection of the current year's taxes was 89.7%, while all tax accounts collected during 1944, both current and prior, amounted to 106.5% as against the current commitment.

### McKenney Fund, \$1,109.01

Schedule 6 gives in detail the investment of the McKenney Fund income. The Merrill Trust Co. in Bangor is trustee of the fund. This income is to be used for assistance of worthy poor at the discretion of the Selectmen.

**Trust Funds, \$2,338.01**

An examination was made of the savings pass books covering the various funds. It appeared that all income had been properly accounted for and expenditures were according to terms of the trusts.

**Notes Payable, \$3,000.00**

The last of the airport notes were retired this year by appropriation.

- New notes were issued in the amount of \$3,000 for the purchase of Fire Equipment.

**Net Surplus, \$15,579.94**

Reference to Exhibit A indicates that as of the close of the municipal year, there was a Net Surplus in the amount of \$15,579.94, as compared with a Net Surplus of \$16,731.30 as shown a year previous. This represents a decrease of \$1,151.36.

**General**

Our check of paid bills and payrolls indicated they appeared to be proper charges and correctly recorded.

The records of dog licenses issued by your Town Clerk showed collections in the sum of \$164.20, which sum had been forwarded to the State Treasurer.

Withholding Taxes deducted by the Treasurer from town employees had been sent to the Collector of Internal Revenue, with the exception of \$28.70 still due the depository at the close of the year.

The excise tax collections were checked from the duplicate receipts and the amounts specified had been deposited with the Treasurer. The detail follows:

1944	Receipts #95 to 400	\$821.79
1945	Receipts #1 to 113	346.07
		<hr/>
		\$1,167.86
		<hr/> <hr/>
Disposition:		
	Brought forward from 1943	\$1,400.00
	Receipts as above	1,167.86
		<hr/>
		\$2,567.86
	Transferred to Fire Equipment Acct.	1,340.25
		<hr/>
	Carried Forward to 1945/46 Year	\$1,227.61
		<hr/> <hr/>

With the exception of cash, trust fund and McKenney Fund investments, no external verification was made of your asset and liability accounts.

## REPORT OF PUBLIC HEALTH NURSE

1944

---

The following is a report of the Public Health Nursing Service carried in your town for the year 1944.

The nurse has made 31 visits to your town. During these visits, the following nursing visits were made: 13 to expectant mothers, 59 to infants, 58 to pre-school children and 8 to school children.

Seven visits were made to the schools and 192 hearing tests were given with the audiometer.

As usual the crippled children have been kept under supervision with home nursing visits and attendance at crippled children's clinics.

There is much work yet to be done in immunization.

It has been found that public health nursing is carried on much more efficiently in the communities where an active health committee has been organized.

There was a committee organized about two years ago. Since the organization no meeting has been held. There should be a meeting of this committee and plans made for a more effective health program.

January 26th has been designated as National Public Health Day. There will be a recognition of the day by a meeting in Augusta. All interested community leaders and committee members are invited to attend.

Let us improve the service to the community during 1945.

Respectfully submitted,

JESSIE B. SUTHERLAND,

Public Health Nurse.

## REPORT OF WINTERPORT VOLUNTEER FIRE DEPARTMENT

---

Starting with the formation of a new Volunteer Fire Department on October 1, 1944, records were kept to show the amount of time devoted to the town and the department by the members from that date to this writing of January 30, 1945.

This amount of time of nearly 17 hours for each member was augmented by a large amount of time spent at each of the six potentially serious fires by persons not officially connected with the Fire Department, but whose efforts constituted a major part of the work done. Department records give these men no credit but their work should not go without reward any more than should the work of the regular members.

Credit should be given to the American Legion for excellent cooperation which included the use of Legion Hall for Fire Department meetings, for which the Legion has refused payment.

Credit should be extended to those people and business houses of Winterport whose generous contributions of money enabled the Fire Department to pay expenses, purchase needed protective uniforms and still show cash on hand as of date to the extent of nearly \$50.00.

For the coming year, it is respectfully suggested that in view of the fact that so many citizens are taking an active interest in the Fire Department, and so many are contributing valuable time and effort, at no small risk, that the town consider:

- (1) Proper annual remuneration for the Department Chief, who is expected to attend all fires at length and at considerable cost to him in time and expense.

- (2) Some form of remuneration to those present at any fire who actually volunteer their services to the Chief and execute his orders accordingly.

These suggestions are made with the full realization that the town would be given generously to the Fire Department but it is a matter of record that the Department is already giving generously to the town.

The following fires were attended by the Department:

Residence of Enos Flagg  
 Residence of Nellie Cochrane  
 Residence of David Tolman  
 Residence of Everett Arey  
 Residence of Mrs. John Cole  
 The Shaw Block  
 Maine Food Processors

NORMAN B. PAGE, Chief

DAVID B. TOLMAN, Secretary

Winterport Volunteer Fire Department.

January 31, 1945.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

For the Fiscal Year Feb. 1, 1944 to Feb. 1, 1945

---

### SUPERINTENDING SCHOOL COMMITTEE

Mr. Norman B. Page	Term Expires March 1945
Mr. Robert Nickerson	Term Expires March 1946
Mr. Norris C. Clements	Term Expires March 1947

Chairman—Mr. Nickerson

#### *To the School Committee and the Citizens of Winterport:*

In accordance with the Laws of Maine relating to Public Schools, I have the honor to submit the following report on the conditions and progress of the schools in Winterport for the year ending February 1, 1945. Since my duties in this capacity have been for a comparatively small part of the year, I shall make no attempt to make this a comprehensive report of the entire year.

We have been very fortunate to maintain our schools with such interested and well qualified teachers. This is especially true with the teacher supply exhausted and the demand increasing daily. Only recently Miss Zeta Brown, Director of Elementary Education, visited our Grammar School. Her suggestions were welcomed by all. At a special meeting of all teachers we had an interesting forum on school problems. The outstanding problem was one concerning the departmentalization of the four upper grades. Arrangements were made to have Dr. Burton of Harvard discuss this problem at the regional meeting of elementary school teachers to be held at Bangor, Feb. 27. Unfortunately, this meeting was cancelled in compliance with a late directive from ODT.

During the past year there have been many changes in teacher personnel.

At the High School we were exceedingly fortunate to secure the services of Mr. Stuart C. Chaplin, a graduate of the University of Maine with additional work at the University and Columbia. Mr. Chaplin, who has had thirteen years of experience in his chosen field, is demonstrating his capabilities and is deserving of the whole-hearted cooperation of the community. Mrs. Thelma Flagg Kennedy, a graduate of Colby with summer sessions at Gorham and Bates, was secured for the language department replacing Mr. Philbrook. Mrs. Nelson, Mrs. Gould and Mr. Clark are continuing their good work in their same positions.

At the Grade School Mr. Otis Anthony, a graduate of Washington State Normal with several years of experience and extra professional training at the University, was elected to the principalship. Miss Jennie Wing, with training at Farmington, Presque Isle and Castine, is teacher of the Social Sciences. Miss Leda Knapp, a graduate of Farmington Normal in the class of 1932, is teacher of English and Reading. The third grade teacher is Miss Celia Stone, a graduate of the Eastern State Normal in the class of 1942. One other change has occurred during the year. Miss Helen Staples, sub-primary teacher, resigned and accepted a position in the schools of Old Town, beginning her new duties Feb. 1. Due to the acute teacher shortage it seemed advisable to divide the first grade for the remainder of the year between Miss Condon and Mrs. Carleton, both being tried and experienced teachers.

The enrollment at the Grade School is as follows:

Sub-Primary and First Grade	33
Grade 1 and 2	32
Grade 3	23
Grade 4	30
Grade 5	24
Grade 6	17
Grade 7	18

The enrollment at the High School in September was 98, but the total number of different pupils registered during the year has exceeded well over 100. This includes a sizable group of students from Frankfort who have been and continue to be a very good asset to our school.

I am pleased to report that the Grade School is continuing their program of War Stamp sales and at this writing has sold a total of \$765.95. It is also a credit to the High School and to the citizens that under the direction of Mr. Chaplin they conducted so successfully the Sixth War Loan Drive, selling a total of \$14,037.50. The High School is now striving to earn a Minute Man flag.

The present winter has been severe and necessarily has interrupted the school. The law states that a Class A high school shall maintain 180 school days. Thus it has been necessary to make up these days. At a joint teachers' meeting it was decided to teach the first three days of the February vacation. The spirit and the co-operation of our teachers is most commendable.

There is one important change that will occur next year. For several reasons it has been decided by the Committee and Superintendent to eliminate the sub-primary grade. This action is taken in an effort to relieve an unsatisfactory learning situation due to overcrowding and the necessity of having two teachers in one room. It is felt that, if the present proposed legislation before the Legislature is enacted, the resultant upward revision of the school admission age to six years on or before October 15 following the opening of school in September will mean that the child will be slightly more mature upon entering and learning will progress at a faster rate under better physical conditions. Our foremost thoughts are the welfare of your children, remembering that the first years of school life are the most important. It is hoped that next year it will be possible to initiate a testing program whereby the needs of the children can be more accurately determined and the proper remedial steps taken.

The textbooks in the schools are for the most part in good condition, but there are some badly needed changes and additions. Grades 5, 6, and 7 need a set of science books and the upper grades

need individual dictionaries. The High School needs a new set of Civic texts, General Mathematics and General Science books for the freshman year. The series of literature books now in grades 10, 11 and 12 should be extended down to the ninth grade. One set of individual dictionaries is needed in this building too. Perhaps this cannot all be accomplished this year but most of these needs should be met.

We appreciate the invitation of the Library Committee to participate in the selection of books for school age people. It is hoped that some means can be found to keep the Library open on at least one more day each week so as to make these books available to more children, especially those who must come to school on the busses.

We also wish to take this opportunity to express our appreciation to the PTA for making it possible to continue the excellent hot lunch program in our Grade School.

The past year has seen some important repairs made on the High School building. It has been painted outside and new treads were put on the front stairs. This year this building should be redecorated inside and it needs a new front door. The most important repair work is the renovation of the basements. At the Grammar School there are minor repairs, the important one being the installation of more adequate playground equipment.

The budget recommendations as recently approved by the School Department and Selectmen are as follows:

Common Schools:

Teachers, Janitor, Conveyance, Fuel, Light	\$8,800.00
High School:	
Teachers, Janitor, Fuel, Light	4,600.00
Secondary Conveyance	450.00
Textbooks and Library	350.00
Supplies and Laboratory Equipment	300.00
Insurance and Repairs	900.00

These recommendations are larger than last year, but are necessary for several reasons which I shall endeavor to point out to you.

1. Increased overall costs on all items. This has been found true in practically every line of work.

2. Our conveyance is costing much more. Old equipment is more expensive to operate, but must remain in operation during these critical times.

3. Last year there were balances amounting to almost \$1,400.00. Today there are no balances. Instead, there is a slight overdraft amounting to \$363.59.

4. Last year the town put \$900.00 from surplus into school accounts. This is not available this year.

5. The State Equalization Fund money has dropped off \$647.00. The trend of this fund should be noted. Two years ago we received more than \$5,000. Last year we received \$3,296.00 and this year it will be \$2,649.00.

The above recommendations are based on an adequate minimum program. It takes into consideration the possibility of an increased teacher subsidy if current legislation passes. If it fails to pass, however, we can expect small overdrafts on next year's accounts.

Thanking the Committee and Town Officers for their splendid cooperation, and all others who have contributed to the welfare of the schools, this report is

Respectfully submitted,

ARTHUR A. WEBB,

Superintendent of Schools.
